Service Order Form

Processing your work order for KB5 performance engine and suspension services is easy.

Step One:

Remove and thoroughly clean all parts to be shipped. Remove and store all guards, guides, hoses, hardware, kick starter, shifter, etcetera. If you're sending a complete motor, please drain the gear oil.

Step Two:

Carefully wrap individual motor and/or suspension parts in heavy-duty bubble wrap. Tape securely and pack tightly in a corrugated cardboard box. Please ship suspension parts and motor parts in separate boxes.

Step Three:

Print out the form, fill it in and send with your Suspension or Engine.
